INDIANAPOLIS — May 4, 2026 — DuJuan McCoy, Owner, President & CEO of Circle City Broadcasting (CCB), which owns [WRTV-ABC](#), [WISH-TV](#) and [MyINDY-TV 23 \(WNDY\)](#), announced WRTV will present a special edition of its *All Access Indy* sports franchise, hosted by Sports Director Anthony “AC” Calhoun, on **May 9, 2026** ahead of the Indiana Fever season opener.

As anticipation builds for a new era of Fever basketball, all eyes are on Caitlin Clark — one of the most electrifying players in sports and a transformational force for the WNBA. After missing the playoffs last season, her return fuels renewed energy, rising expectations and legitimate title aspirations.

All Access Indy: Season Opener sets the stage for the Fever’s matchup against the Dallas Wings, delivering in-depth coverage of the team, its stars and the storylines driving one of the most anticipated seasons in franchise history.

AC leads the 30-minute special, spotlighting Clark’s impact on and off the court and what her presence means for the franchise, the league and Central Indiana’s surging fan base.

In addition to coverage surrounding Clark, the special will include:

- Insight from Fever Head Coach Stephanie White on the team’s outlook
- A closer look at Kelsey Mitchell’s impact both on and off the court
- The latest team updates and analysis from Fever television announcer Pat Boylan

McCoy said, “This is just another example of how national broadcasts and local journalism partner to bring our community full comprehensive journalistic coverage of their favorite teams and stars!”

The May 9 broadcast marks one of four Indiana Fever games airing on WRTV-ABC this season.

All Access Indy: Season Opener airs May 9 at 12:00 p.m. on WRTV-ABC, followed by ABC pregame coverage at 12:30 p.m. and the Indiana Fever’s regular season opener against the Dallas Wings at 1:00 p.m.
